

CONSCIOUS WOMEN'S EMPOWERMENT CLASSES

6 WEEK ZOOM CLASS SERIES
CLASS RECORDING 5 OF 6

The divine mother is calling all of us to connect to her eternal embrace. She wants us to remember that she is always there. She is the earth. She is the divine feminine. She is the source of all creation. She is unconditional love and she is already within you. There is no separation to the infinite. The wounded child needs to feel seen and heard by the divine mother. She guides us deep into our hearts to release pain and trauma from the past, so we can open our hearts to the light of the feminine. This is the medicine that we need right now on our planet as we transition through these huge shifts. We are being guided to release painful wounds and connect deeper to ourselves on a soul level.
